

Employee Portal

InfinityHR's Employee Portal makes it convenient for your employees to manage their benefits and other HR-related information in real time through one central web-based system that they can access from anywhere. The Employee Portal is part of our integrated system that connects employees, managers, administrators, carriers and payroll.

Key Features

- Lets employees enroll in or change all aspects of their benefits and other HR-related information themselves.
- Allows employees to compare, analyze and check plan costs prior to benefits enrollment.
- Allows employees to view plans from different benefit providers, showing only the plans they are eligible for.
- Lets employees attach dependents and beneficiaries to benefit plans.
- Lets employees submit benefit and HR-related data electronically to you for approval and review.
- Provides employees with a benefit summary statement after they enroll in or change their benefits.
- Gives employees access to pertinent company and benefits information via the Information Links and Documents sections.
- Lets employees easily request time off, complete timesheets, complete surveys, participate in wellness campaigns, manage workflows, track skills, and print reports.
- Allows employees to view the value of their compensation package with Personalized Total Compensation Statements.
- Lets employees enter their own demographic information, including emergency contacts.
- Is easily configurable to include the features and content most relevant to your company.
- Is quick and simple for employees to navigate through.

Key Benefits

- Gives your employees total access to their benefits and other HR-related information in real time anywhere via the web, on a 24/7 basis.
- Gives your employees a better understanding of the benefit and HR processes.
- Helps your employees make well-informed benefits decisions.
- Gives your employees a greater appreciation of the value of their benefit package.
- Eliminates the need for your employees to fill out forms, reducing the amount of time you spend gathering and entering data.
- Increases efficiency and productivity, saving you money and printing costs.
- Increases communication with your employees and reduces the number of routine employee questions you must answer.
- Increases the accuracy of benefits and other HR-related information.
