

NUVIEWHR PAYROLL - HOSTED

Our *hosted payroll* module offers solutions to complex payroll needs, while offering the flexibility and control required by today's businesses.

Perform full gross-to-net calculation and audit/correct payroll before transmitting for completion (i.e., print, direct deposit, tax).

Flexible payment options include pay cards and direct deposits into employee accounts.

Process manual checks and expense reimbursements on demand, whenever needed. Void checks and related transactions easily.

Payroll offers complete tax and tax filing services, including on-line lookups for state, local and school taxes, updated on a regular basis.

All of the data is within easy reach, including unlimited check history on-line and access to the prior year's pays, taxes & deductions.

Process your current year payroll before the prior year is finished. You can even export data in Excel format for additional analysis and reporting.

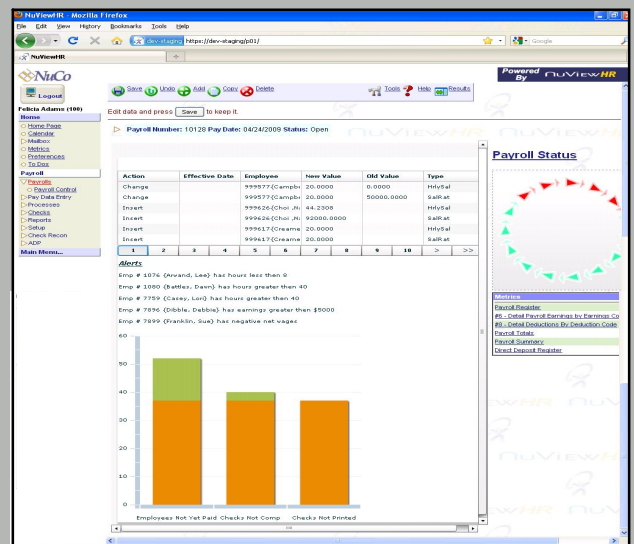

Payroll is fully integrated with HR, which means changes easily flow from one to another, in real-time, without duplicate entry.

The Payroll module interfaces with General Ledger Systems and 3rd party Time keeping for advanced labor tracking and job costing.

Payroll offers capabilities to define your own screens, maintain all of the data unique to your organization and a powerful report writer to access your data.
