

Valdese Weavers LLC

Weaving Fine Fabrics with the Help of Reliable Payroll Processing

Headquarters: Valdese, North Carolina

Employees: 900

Industry: Textile Manufacturing (Cotton Woven Fabric)

Market: International

Company Background

Valdese Weavers LLC is recognized as the number one producer of jacquard cloth fabric in the world. Some jacquard manufacturers print patterns on their fabrics. Valdese Weavers actually weave the patterns into their fabrics. This is a more complicated and time-consuming process, but it produces a much higher quality product. Today, the textile manufacturer sells to the wholesale trade and furniture manufactures in the United States, Canada, Europe, Australia, South and Central America, and the Far East.

The Challenge

In mid-2007, Valdese Weavers acquired a Massachusetts-based textile manufacturer. As soon as the transaction was final, the new Valdese Weavers' employees needed to be added to the company's payroll. Ensuring the new employees were reliably and promptly paid was a key step in making them feel welcome and an integral part of the success of the transaction.

The Solution

Ceridian's worry free and reliable Web-based payroll product uses a new hire process that easily and quickly adds new employees to the system. With regard to Valdese Weavers' acquisition, the product's built-in new hire process "made it easier and faster to add a large number of employees," noted David Canipe, Valdese Weavers' payroll manager.

Valdese also appreciates the ease with which Ceridian manages its taxes. "Ceridian takes care of filing our payments, and we don't have to worry about whether or not they will be filed on a timely basis," said Canipe.

"Ceridian's solutions provide peace of mind because I feel like I can trust them. They're 100 percent accurate. I feel very confident using their products. And that's one reason we chose Ceridian."

"If we enter the correct information, we are going to get the correct information back. And that's what we need in order to please our company and our employees."

"Ceridian has made my payroll processing job easier. It's a lot less cumbersome than before and we can just process the payroll with confidence and get it back. And we know it's going to be correct."
